All welcome. This program is designed for interested physicians, fellows, residents, nurses, occupational health specialists and other allied health professionals interested in expanding their knowledge base and expertise in occupational medicine.

At the completion of the program, the participants will be able to:

- Understand excessive use of narcotics and neuropathic drugs in the United States.
- Understand guidelines for selected common interventional chronic pain treatments.
- Outline alternative treatments for workers with chronic pain.

SPACE IS LIMITED SO RESERVE YOUR PLACE EARLY

Yes, I would like to attend the ***Lewis H. Millender, MD Educational Series*** presented on Thursday, April 2nd, 2009.
